**KEEP OUT OF REACH OF CHILDREN
CAUTION**

See side panel for additional precautions.
Read all directions carefully before use.

ONE QUART

Concentrated Clarifier and Water Brightener is designed to coagulate and floc suspended solids from swimming pool water. The solids will be filtered out of the pool or collect on the bottom for removal by the vacuum.

DIRECTIONS FOR USE:

Read entire label and use strictly in accordance with directions.

Add 4 oz. of Concentrated Clarifier and Water Brightener per 10,000 gallons of swimming pool water. Addition should be made once a week to the pool when the filter is running. If the pool water is cloudy due to airborne dust or to high hardness of the water, add 16 oz. of Water Brightener and Clarifier per 10,000 gallons of water.

Allow at least 3 hours for Concentrated Clarifier and Water Brightener to work, then vacuum the residue from the bottom of the pool and backwash the filter if necessary.

STORAGE AND DISPOSAL

Keep this product in original tightly closed container when not in use. Do not reuse container, but place in trash collection.

CAUTION: Avoid contact with eyes.

FIRST AID:

IF CONTACT WITH EYES OCCURS: Immediately flush eyes with cold water for 15 minutes. If irritation persists, get medical attention. **IF CONTACT WITH SKIN:** Flush skin with cold water. **IF SWALLOWED:** Drink water. Call a physician.

NOTE: Buyer assumes all responsibility for safety and use not in accordance with directions.
